## A SMOOTH CRUCE SCHEME

Plan to Organize Straw Cruce Clubs  
All Over Cherokee Nation.

The following is a copy of a letter being sent out by the Cruce campaign committee:

Muskogee, I. T. May 28, 1907.

My dear Mr. —

It is the purpose of the managers of the Lee Cruce campaign to have organized at as many points in the Cherokee Nation, Lee Cruce Clubs on Thursday afternoon or night and to have the club endorse Cruce for governor, and at once wire the News to the Oklahoman, Oklahoma City.

It does not matter about the number of these clubs, the thing is we want the moral effect in other parts of the state.

We want you to see to this and get the men you have helping you to organize these clubs at every town, your county and to notify you at your home and you wire the news to the Oklahoman.

Be certain to send a private dispatch and say that a Cruce club was organized and Cruce was endorsed for governor. We want you to look after this matter personally.

If you can get a few of these telegrams to the Oklahoman it will greatly please me.

Send all the telegrams to the Oklahoman collect, as the bills will be handled at the other end as the others are.

Keep this very quiet until it is accomplished.

Yours truly,  
(Signed) J. L. Blakemore.

## UNHOLY ALLIANCE OF CRUCE AND THE SANTO FE

It now develops that the Santa Fe road that tried to organize the convention and run it in favor of their interests, are actively engaged in trying to elect Lee Cruce governor. The following letter sworn to by a republican hardware merchant and former of Wannette, Okla., may be of interest to the voters who do not want to turn our state over to the money changers and the rail roads who are getting approximately one million dollars per month excessive freight rates in our new state. The letter follows.

Wannette, Okla., May 28th, 1907.  
Mr. Ed O. Cassidy,

Shawnee, O. T.

Dear Sir:

In response as to whether the Santa Fe Railway Co. held its passenger train to await the Hon. Lee Cruce to make a speech to the people at the Wannette picnic on May 11th, 1907, we beg leave to say that we were in attendance at the Wannette picnic on that day and heard Mr. Cruce deliver his speech. He spoke something near two hours, closing his speech at about forty minutes past five o'clock in the afternoon and after his speech he took a few minutes in receiving introduction to the people and then departed to take the north bound Santa Fe train which was waiting for him at the depot about one-half mile from the picnic grounds. Mr. Cruce boarded the train near six o'clock sharp and it then pulled out. Mr. Cruce was the last man who spoke that day. We cannot say of our own personal knowledge how long the train had been waiting for Mr. Cruce but heard the whistle of what we took to be the Santa Fe May the 11th, 1907. Said passenger coming at about four o'clock p. m. or a few minutes later, and we find from the schedule time of the depot that it arrived there at eight minutes past four o'clock p. m. on regular time at fifty-two minutes after three p. m.

W. J. McNinch

E. B. Mundy.

Subscribed and sworn to before me

this 28th day of May, 1907.

I. J. Gordon, Notary Public.  
My commission expires June 18, 1908.  
(Seal)

You will note that from 4:08 p. m. till 6 p. m. is one hour and fifty-two minutes that they waited on Cruce. Will democracy turn this state over to the money changers from Ardmore and the Santa Fe railroad Co., or will they allow Haskell to put in force the full spirit of the constitution that he helped make which puts a bridle on this generous Santa Fe?

This is certainly amazing politics, yet it will be answered with the cry of slander, slander, slander.

Another peculiar piece of politics is the refusal of the Cruce management to allow Haskell to address the democracy on next Saturday upon the occasion that they advertise a democratic rally. Mr. Haskell wanted to come, and I have made diligent effort for two days to reach an agreement whereby he could also address the voters of this county that day, under a promise that no personalities would be indulged in, and they have absolutely refused, and say that this is a democrat that they don't want to "but in" notwithstanding that all democrats are invited. What do you think of a campaign where they do not want to hear both sides? It has no other meaning but that they are fearful of results when the matter is thoroughly understood. They know the "good boy" banker would look like a pigmy under the brilliancy of the Jefferson of our constitution.

The people of this county want to hear fully this cause, and your refusal to extend full opportunity for such hearing will be accepted by many of us to mean that you confess you are not willing to place your claims by the side of Haskell's for comparison. Santa Fe generosity and your industrious efforts to prevent a joint and full hearing are urgent look-out signals, and we are going to look out.

Respectfully,

J. W. Bolen.

## THE 25,000 CLUB MINUTES

Meeting Held at Club Room Monday Night, May 27.

The 25,000 Club met in regular session Monday night, May 27, with officers in their places and a good attendance.

The following business was disposed of:

A communication from Albert E. Markus of Paris, Texas, was read by the corresponding secretary in which Mr. Markus inquired if our city would be interested sufficiently in a conservatory of music to back it financially.

Another letter from H. B. Abernathy also of Paris, Tex., was read, asking if Ada could raise \$12,500.00 for building a commercial college he proposed to establish here.

Corresponding secretary was instructed to decline both propositions for the present.

Steven Brown representing the Federation of Commercial Clubs of the Twin Territories, was present and made a talk. Mr. Brown proposed to let Ada have a place in the Oklahoma exhibit at the Jamestown Exposition. In the way of scenes from the town and community for the streoptican lectures to be carried on every day at the Exposition, provided Ada would bear expenses, which would amount to \$2.50 per scene. A motion was made and carried that this proposition be accepted by the club, and that the club bear the expenses. President Lucas was requested to accompany Mr. Brown and assist in collection of said scenes.

The attention of the club was called to the fact that Mr. T. J. Grendan of Boston, Mass., was in town and had informed some members of the club that his father was a prominent cotton mill man in the north, and that he would like to come south and locate mills, provided he could get sufficient encouragement. It was the

wisdom of the club that we should try to interest him in Ada, and Tom Hope was requested to give the junior Mr. Grendan some figures concerning our town, which he should communicate to his father.

A letter received from A. Hudson of Chanute, Kansas, in which he manifested some interest in the gas and brick situation here. Frank Jones and Tom Hope were requested to communicate with him.

The question of interesting the Methodist annual conference of Oklahoma was presented to the club. After some discussion it was decided that we should pledge \$250.00 toward securing this meeting.

Saturday night being an inconvenient time for meeting, it was agreed that we change the regular time of meeting to the fourth Monday night in each month.

President Lucas at the request of the club appointed E. W. Hardin, S. M. Torbett and W. H. Eby as an auditing committee.

Bills were presented by the Ada Electric & Gas Co. for \$77.50 and the P. G. Ingram Paint Co. for \$145.96, which were ordered passed upon by the auditing committee.

Adjourned.

## E. G. M'ADAMS

The Brilliant Young South Carolina Attorney Running Fast for Attorney General.

E. G. McAdams will be the first attorney general of Oklahoma. He is worthy, brilliant and honest, and enough Oklahoma democrats know enough about his good qualities to elect him to the office he seeks. He is one of Oklahoma's biggest democrats and they will reward him. The voters of Pontotoc county should not forget this man, E. G. McAdams, when they cast their vote on June 8.

Lots near the big Cement Plant to accommodate the hundreds of laborers to be employed in this great industry. This need has been met by laying out the Portland Park Addition just west of the cement plant. Lots are 30 feet by 140, with 60-foot streets and 20-foot alleys. Prices of lots are from \$20 to \$30. Terms, \$5 down and \$2 per month. A large reservoir is to be built on the north side by the cement company which will afford boating and fishing.

## THE MARROW OF THE SCHOOL LAND QUESTION.

Weaver's principle on the great school land question enforced would mean that the actual farmers could own a home without moving that they could borrow the money from the great school fund of the state on forty (40) years time at the interest rate of 4 per cent. Weaver is in sympathy with the new constitution which demands that the money secured from the sale of these lands shall first be loaned to the actual farmer.

Roddie, one of Weaver's opponents, stands for the immediate sale of the school lands on 40 years' time at the interest of 4 per cent. From that plan not one cent would come into the state treasury to loan the actual farmer, until after 40 years. Because a republican congress said the school land lessees should have the first right of purchase of all the school lands and that their \$5,000,000 of improvements could not be taken from them, therefore, Roddie's plan simply and absolutely means a loan of the children's money of this state to the crafty school land lessees, for 40 years at 4 per cent interest—the same fellows who, in league with the republican party, have already gotten rich from your children's heritage. Absolutely the only hope of the farmers of the Territory side of the state to get cheap money at 4 per cent with 40 years to pay is to have these rich school land lessees to pay practically the spot cash for the lands. Then with twenty to thirty millions in the state treasury, without discrimination, the actual settler could borrow the money on 40 years time at 4 per cent interest.

Farmers, look well—the Oklahoma school land lessees are politicians, they want a state senate which will vote to have these school lands sold on 40 years' time, for they know they will get them, not you. Roddie is the Oklahoma school lessees' friend. His position proves it. The constitution says the funds derived from the sale must first be loaned to the farmer. There will be no fund if Roddie has his way.

Weaver stands for the sale of two million (2,000,000) acres of Oklahoma School lands in tracts not more than 160 acres, for practically the spot cash. He wants these lands sold when restrictions are removed for three big reasons, being first, the children's land will bring a better price; second, the money will be in the treasury to loan to Indian Territory farmers on 40 years at 4 per cent interest, that he may acquire a farm; and third, the state's taxable wealth will be vastly increased.

Weaver's plan is practical and feasible. He will fight for it, for it means protection to the children; it affords the last chance to the poor Territory tenant farmer to own a home and easily pay it out.

The remainder of the school lands, sections 16, 36 and 13, in Oklahoma, Weaver advocates retaining as a dowry for the school children of the state.

## WEAVER'S FRIENDS

A Talk About the Kind of Democrats Out in the Hoffman Flats.

Out in the Hoffman Flats there is the Lovelady voting precinct. Nearly all the citizens in this precinct are democrats. Hard working, thrifty, well balanced men, who attend strictly to business, pay their debts, and wait on each other through misfortune. No doubt there are any number of communities in the county who have just such a citizenship, but the Lovelady community has won such a reputation over the entire county. The editor has noticed during the years he has been located just under the Masonic hall many Saturday afternoons, those sturdy citizens from the East coming by on their way to

attend to their lodge duties.

Naturally a fellow would be proud of such men for friends, politics or no politics whether he be a candidate or not.

Some time ago this big democratic club held a meeting and to the surprise of the politicians, even the editor, unanimously endorsed his candidacy for the state senate. Wednesday evening Weaver addressed a meeting of this club and when he had concluded his remarks, a motion was made that Mr. Weaver's speech be endorsed as a kind of reiteration of their endorsement of his candidacy some time ago. Every man voted aye, standing to his feet.

Of course the editor's heart beats warmly toward those Hoffman Flat democrats. They are farmers, honest, industrious citizens and men who do their own thinking. Some of those tenant farmers out there may have more money than the editor, but he is dead stuck on them just the same.

## THE PEOPLE'S CANDIDATE

# ROY HOFFMAN

For the United States Senate from the Oklahoma side of the state, subject to the decision of the Democratic primaries on May 23, 1907.

## THE FIGHT IS WON.

To the Farmers, Laborers, and Honest Business and Professional Men of the New State:

You who seek government that will protect you in the enjoyment of your honest earnings, and insure democratic government, administered by the people themselves, I have solicited your votes for the democratic nomination for Governor.

You far outnumber the grafters, the monopolists and the seekers after special privileges, whose votes we have never solicited, because we cannot permit them to dictate public policy if I am elected. I would not accept the office for governor owing a single obligation to anyone but the great masses of common people, and their interests alone I would expect to serve.

The very elements which fought the making of the constitution are organized to fight its enforcement, are also fighting me. They have stopped at nothing.

Perjury, forgery, and the like, have been invented and spread broadcast by a class of men whose convict records should disqualify to lead the democratic party on any occasion. These ingenious, professional, political grafters must be watched from now till primary day. They must be watched carefully at the primary and until the last ballot is counted and certified.

The people will control Oklahoma if they are vigilant.

The great corporations, grafters, the political manipulators will control, if the people are not vigilant. At this date the fight for the nomination is won and is due to the large support of the farmers of this state. Subsidized newspapers, and mented by honest labor and legitimate business and professional men, has made an army of friends for me in this contest of magnitude and character which would be a compliment to any man.

I appreciate it I assure you.

Take notice, my friends, as the primary day approaches all kinds of band-wagon talk, slush and slander will be spread broadcast over the state. Subsidized newspapers, and hand bills and other means will be resorted to. They will say the fight is settled and Haskell practically defeated.

Don't you believe a word of it. The class of men who are supporting me do not control the great newspapers, nor the telegraph, nor the railroads with special trains, but their votes count just the same.

NOISE

Fifty paid heelers will make more noise than one thousand honest voters.

The fight is ours; ignore all bluffs and vote straight for me on June 8th.

Vote for M. E. TRAPP of Guthrie for State Auditor, Democratic Primaries June 8th.

## CARRYING THE ENEMY'S COUNTRY.

The most remarkable development of Judge Henry M. Furman's campaign for the senate is the way the masses are rallying to his standard in the Creek and Cherokee Nations, the very section where Robert Owen has for many years lived and accumulated—the section assumed heretofore to be Owen's stronghold.

It comes from reliable sources that the people have become alarmed at Owen's lavish expenditure of money in this campaign; that his past record is being discussed by everyone, the term "grafter" entering freely into such discussions. It is evident that among his home people who know his career through and through, Robert Owen is not held in the highest esteem—in such esteem as would mark him as the proper man for the United States senate.

In marked contrast is the way patriotic, honest voters up in that country are flocking to the standard of Judge Furman, who has no hirings to herald his progress or to proclaim his qualifications. The judge is making a thorough invasion of what was considered the enemy's country. He is speaking regularly twice a day. Large crowds hear him gladly and go away convinced he is the man to be depended upon, the one man from the East side whom the people want to represent the new state in the national senate.

## WILL CARRY ROGERS COUNTY

Flocking to Furman in Home County of Opponent.

Chelsea, I. T., May 29.—Henry M. Furman spoke to a crowded house here last night.

His speech was very favorably received. Our people had heard a good deal of Furman and were eager to hear him. Since now they have heard and seen him they are enthusiastically for him. They are convinced he is the sort of man they are looking for.

Since Judge Furman came amongst us Rogers county may be safely placed in the Furman column for the United States Senate.

## TREADWELL INVITES WILLIAMS TO SPEAK

Tishomingo Man Arranges Dates and Will Give Opponent a "Square Deal."

Tishomingo, I. T., May 7.—The following letter has been issued by Hon. S. C. Treadwell of this city.  
Hon. R. L. Williams,  
Durant, I. T.

Dear Sir:  
Considering that you have made false charges against me in my candidacy for justice of the supreme court, for which office you also aspire, and also considering that you have made certain statements regarding your work in the constitutional convention which I shall be compelled to question, I invite you to partake with me in meetings which I have arranged for the last ten days of this campaign.

I give you this invitation in order that you may have a fair and impartial hearing before the people, and that they may be better able to judge of our fitness and merits for the office.

I shall ask you to bear none of the expense of these meetings and I believe it is only fair that I should make my dates known to you so that any statements which I may make cannot be considered in the light of taking any false advantage of you. I am one of the great number of people who believe in a "square deal," hence offer you this opportunity.

My speaking dates are as follows:  
Friday, May 31, Seminole county, at Seminole and Wewoka.  
Saturday, June 1, Pontotoc county,

at Konawa, Ada and Stonewall.

Monday, June 3, Coal county, at Tupelo, Coalgate and Lehigh.

Tuesday, June 4, Atoka county, at Atoka and Caney.

Wednesday, June 5, Bryan county, at Caddo and Durant.

Thursday, June 6, Love and Carter counties, at Marietta and Ardmore.

Friday, June 7, Marshall and Johnson counties, at Madill, Randolph, Wapanucka and Pontotoc.

Very truly yours,  
S. C. Treadwell.

### Sidewalk Improvement Notice.

The city attorney respectfully calls the attention of property owners along Broadway from Frisco on the north to Nineteenth street on the south, along Townsend avenue from the Frisco on the north to Nineteenth street on the south, along Stockton from Main on the south to — street on the north, and along Main street from the Frisco on the west to the M. K. & T. railroad on the east, that ordinance No. — not only provides for the building of permanent sidewalks on these said streets as described; but it provides that the sidewalks must be MAINTAINED and kept up in good repair.

A great many of these sidewalks were improperly constructed and have not met the requirements of the ordinance, and at present some of them are in as bad a condition as before they were made. Warning is hereby given that the ordinance requiring sidewalks to be built and MAINTAINED along these streets, will be enforced.

Respectfully  
Thomas P. Holt,  
City Attorney.

### Christian Revival.

In spite of the mud and rain there was a good attendance at the First Christian church last night. The evangelist preached a very helpful sermon on the subject "All Things work together for good to them that love God," Romans 8:28. Showing that God has His hand upon the throats of events, guiding moulding and shaping the destinies of the world. How all things both good and evil were working together for good to them that love God. How the selling of Joseph by his brethren into Egyptian bondage worked to the good of Israel and God's glory. How calamities awaken religious zeal and earnestness in the lives of careless and indifferent followers of Christ.

The male quartette gave a beautiful rendering of "Follow Me," which was appreciated by everyone.

By request the evangelist postponed his sermon "The Church that Jesus Built" until tonight.

People cannot afford to allow the rain or mud to keep them away from the services. Meetings begin promptly at 8 o'clock. Much interest will be taken in the query box. All reasonable questions will be noticed.

### Good Show at the Electric.

There will be a complete change of program at the Electric theatre tonight. Good crowds have been in attendance. It is a good show and is appreciated by Ada people.

J. R. Bristle of Oklahoma City, was an Ada visitor today on business.

### A Statement.

In severing my connection with The News, I consider it only proper that a few words be said in consideration of the courteous treatment accorded me by the News proprietor, Otis B. Weaver. My business relations with Mr. Weaver have at all times been pleasant and agreeable and I have the utmost faith in his responsibility and willingness to treat his employees fairly at all times.

B. O. Brown.

### Ratliff Still Detained Away.

The News desires to state in behalf of Hon. E. S. Ratliff, candidate for floratorial representative from Pontotoc and Seminole counties, that the reason for his continued absence from the district, is the fact of the serious illness of Mrs. Ratliff at the home of her parents in Texas. Mr. Ratliff expresses great regret that he has not been able to make a thorough campaign of this floratorial district, notwithstanding he has no opposition, he recognizes the right of the people to hear all candidates and become acquainted with the principles advocated by them. If possible he will re-enter the campaign before the day of election and see all the people possible.

I expect to leave for Michigan June 15th, and will be absent six weeks or more. I wish to arrange my property interests there so that on my return I will permanently reside in Ada. All who wish glasses fitted by me will please call early.

59-21 1w Frank W. LeFevre.

### Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

### CENTER NEWS NOTES.

Crops are growing some since the sun-shiny weather. We had a fine rain on last Friday night which continued throughout Friday. It was needed badly. Garden truck is late this season.

On Thursday night the W. O. W. and Woodmen circle met in joint meeting. They were to have refreshments served, but several brave men as well as timid women, left their afraid hole at home and when the cloud came up they made a good run for their homes. Many beat the clouds in their swiftness.

We learn that Mrs. Medlock is a little better at this time.

Mrs. Evans is real sick. She is a widow lady. It would be well for our men and boys to see that she has wood, and Christian ladies to see if she needs anything else.

Rev. Caldwell of Ada filled the Methodist pulpit Sunday.

On Monday night the people were entertained until a late hour by Messrs. Bolen, T. D. McKeown and J. E. Grigsby. Mr. Bolen held the attention of the audience for about an hour and a half, and spoke on Haskell and the constitution. Mr. Grigsby spoke on his own behalf for the office of district judge.

Ed Lee purchased the home of Walter Main, who is thinking of going out to Washington to reside.

### McCLURE A BENEFACTOR

Same McClure, though a citizen of Roff, is living in Ada right at present. His temporary residence here is necessitated by the fact he is a Pontotoc's temporary county clerk—so named in the constitutional ordinance and also is secretary of the democratic central committee.

Just now he is very busy preparing the democratic ticket and making other final arrangements for the primary election June 8th.

The duties of these two clerical positions involve a deal of work and expense, and no remuneration. But Sam smiles on like he enjoyed the work for the public gratis. The people of this county owe him a big debt of gratitude for his services.

### ABOUT THE BALLOT.

The above is a copy of the official ballot to be voted in Pontotoc county June 8th. The ballot will contain the names of candidates here given and will be of this style. It will be observed the township candidates only for Ada township appear thereon. As the ballots for each of the other townships are printed its group of names will be inserted in the same

space. The three commissioners districts will be handled in a similar way.

Voters will do well to preserve this sample ballot and study it carefully so that they will be prepared to go into the booth election day and fix their ballots quick. Otherwise the voting will be slow and there will be no end of work and worry for the election officers.

## UNHOLY ALLIANCE OF CRUCE AND THE SANTO FE

It now develops that the Santa Fe  
road that tried to organize the con-  
vention and run it in favor of their  
interests are actively engaged in try-  
ing to elect Lee Cruce governor. The  
following letter sworn to by a re-  
publican hardware merchant and  
owner of Wauette Okla may be of  
interest to the voters who do not  
want to turn our state over to  
the money changers and the  
rail roads who are getting ap-  
proximately one million dollars per  
month excessive freight rates in our  
new state. The letter follows:

Wauette Okla May 28th 1907  
Mr Ed O Cassidy  
Shawnee O T

Dear Sir

In response as to whether the San-  
ta Fe Railway Co held its passenger  
train to wait the Hon Lee Cruce to  
make a speech to the people at the  
Wauette June on May 11th 1907  
we have to say that we were in  
attendance at the Wauette picnic of  
that day and heard Mr Cruce deliver  
his speech. He spoke something  
in a two hours closing his speech  
at about forty minutes past five  
o'clock in the afternoon and after his  
speech he took a few minutes in re-  
ceiving introduction to the people  
and then I tried to take the north  
bound train which was wait-  
ing for him at the depot about an  
hour and then the picnic grounds  
Mr Cruce boarded the train near SA-  
vied Swamp and then pulled out  
Mr Cruce was the last man who  
took that day. We cannot say a  
word about personal knowledge how  
long the train had been waiting for  
Mr Cruce but heard the whistle of  
what we took to be the Santa Fe  
May the 11th 1907. Said pas-  
senger coming at about four  
o'clock p m or a few minutes later  
and we tried from the schedule time of  
the depot that it arrived there at eight  
minutes past four o'clock p m on  
Saturday was due to arrive here on  
its regular time at fifty two minutes  
after three p m

W I McIninch  
E B Mundy

Subscribed and sworn to before me

this 28th day of May 1907

I J Gordon Notary Public  
My commission expires June 18 1908  
(Seal)

You will note that from 4 05 p m  
till 6 p m is one hour and fifty-two  
minutes that they waited on Cruce  
Will democracy turn this state over to  
the money changers from Ardmore  
and the Santa Fe railroad Co or will  
they allow Haskell to put in force  
the full spirit of the constitution  
that he helped make which puts a  
lid on this generous Santa Fe?

This is certainly amazing politics  
yet it will be answered with the cry  
of Slander Slander Slander

Another peculiar piece of politics  
is the refusal of the Cruce manage-  
ment to allow Haskell to ad-  
dress the democracy on next  
Saturday upon the occasion that  
they advertise a democratic rally.  
Mr Haskell wanted to come and I  
have made diligent effort for two days  
to reach an agreement whereby he  
could also address the voters of this  
county that day under a promise that  
to persons this would be indulged in  
and they have absolutely refused and  
say that this is a democratic that they  
don't want to but in notwithstanding  
that all democrats are invited  
What do you think of a campaign  
where they do not want to hear both  
sides. It is to other nothing but  
that they are fearful of a split when  
the matter is thoroughly understood  
They know the good boy banker  
would look like a pinner under the  
billings of the Jefferson of our con-  
stitution

The people of this county want to  
hear fully this cause and your refusal  
to extend full opportunity for such  
a hearing will be accepted by many of  
us to mean that you confess you are  
not willing to place your claims by  
the side of Haskell's for comparison  
Santa Fe generosity and your indus-  
trious efforts to prevent a joint and  
rall hearing are urgent look-out sig-  
nals and we are going to look out  
Respectfully

## THE 25,000 CLUB MINUTES

Meeting Held at Club Room Monday  
Night, May 27.

The 25,000 Club met in regular ses-  
sion Monday night May 27 with of-  
ficers in their places and a good at-  
tendance

The following business was disposed  
of

A communication from Albert E  
Markus of Pitts Texas was read by  
the corresponding secretary in which  
he Markus inquired if our city would  
be interested in a concert  
concert of music to back it financially.  
Another letter from H B Albert  
also of Pitts Tex was read asking  
if Ada could raise \$12 000 for build-  
ing a commercial college he proposed  
to establish here  
Corresponding secretary was in-  
structed to decline both propositions  
to the present

Steven Brown representing the Fed-  
eration of Commercial Clubs of the  
Pawnee Territories was present and  
made a talk. Mr Brown proposed to  
let Ada have a place in the Oklahoma  
exhibit at the Jamestown Exposition  
in the way of scenes from the town and  
community for the streoptean lec-  
tures to be carried on every day at  
the Exposition provided Ada would  
bear expenses which would amount  
to \$250 per scene. A motion was  
made and carried that this proposi-  
tion be accepted by the club and that  
the club bear the expenses. Presi-  
dent Lucas was requested to accom-  
pany Mr Brown and assist in collec-  
tion of said scenes

The attention of the club was called  
to the fact that Mr T J Grendon of  
Boston Mass was in town and had  
informed some members of the club  
that his father was a prominent cot-  
ton mill man in the north, and that  
he would like to come south and lo-  
cate mills, provided he could get suf-  
ficient encouragement. It was the

wisdom of the club that we should  
try to interest him in Ada and Tom  
Hope was requested to give the junior  
Mr Grendon some figures concerning  
our town which he should communi-  
cate to his father

A letter received from A Hudson  
of Chanute Kansas in which he man-  
ifested some interest in the gas and  
brick situation here Frank Jones  
and Tom Hope were requested to  
communicate with him

The question of interesting the  
Methodist annual conference of Ok-  
lahoma was presented to the club.  
After some discussion it was decided  
that we should pledge \$2 000 toward  
securing this meeting

Saturday night being an incon-  
venient time for meeting it was  
agreed that we change the regular  
time of meeting to the fourth Mon-  
day night in each month

President Lucas at the request of  
the club appointed J W Hardin S  
M Torbett and W H Eby as an  
auditing committee

Bills were presented by the Ad-  
Electric & Gas Co for \$77 00 and the  
P G Ingram Paint Co for \$145 96,  
which were ordered passed upon by  
the auditing committee

## THE MARROW OF THE SCHOOL LAND QUESTION.

Weaver's principle on the great school land question enforced  
would mean that the actual farmers could own a home without  
moving, that they could borrow the money from the great school  
fund of the state on forty (40) years time at the interest rate of  
4 per cent. Weaver is in sympathy with the new constitution  
because a republican congress said the school land lessees should  
have the first right of purchase of all the school lands and that  
lands shall first be loaned to the actual farmer

Roddie, one of Weaver's opponents, stands for the immediate  
sale of the school lands on 40 years time at the interest of 4  
per cent. From that plan not one cent would come into the  
state treasury to loan the actual farmer until after 40 years.  
Because a republican congress said the school land lessees should  
have the first right of purchase of all the school lands and that  
their \$5,000,000 of improvements could not be taken from them,  
therefore, Roddie's plan simply and absolutely means a loan of the  
children's money of this state to the crafty school land lessees,  
for 40 years at 4 per cent interest—the same fellows who in league  
with the republican party, have already gotten rich from your  
children's heritage. Absolutely the only hope of the farmers of  
the Territory side of the state to get cheap money at 4 per cent  
with 40 years to pay is to have these rich school land lessees  
to pay practically the spot cash for the lands. Then with twenty  
to thirty millions in the state treasury without discrimination,  
the actual settler could borrow the money on 40 years time at  
4 per cent interest

Farmers, look well—the Oklahoma school land lessees are poli-  
ticians they want a state senate which will vote to have these  
school lands sold on 40 years' time for they know they will get  
them not you. Roddie is the Oklahoma school lessees friend. His  
position proves it. The constitution says the funds derived from  
the sale must first be loaned to the farmer. There will be no  
fund if Roddie has his way

Weaver stands for the sale of two million (2,000,000) acres  
of Oklahoma School lands in tracts not more than 160 acres, for  
practically the spot cash. He wants these lands sold when res-  
trictions are removed for three big reasons being first, the  
children's land will bring a better price second the money will  
be in the treasury to loan to Indian Territory farmers on 10 years  
at 4 per cent interest that he may acquire a farm and third  
the state's taxable wealth will be vastly increased

Weaver's plan is practical and feasible. He will fight for it,  
for it means protection to the children. It affords the last chance  
to the poor Territory tenant farmer to own a home and easily pay it  
out

The remainder of the school lands sections 16 36 and 18,  
in Oklahoma Weaver advocates retaining as a dowry for the school  
children of the state

## WEAVER'S FRIENDS

A Talk About the Kind of Democrats  
Out in the Hoffman Flats.

Out in the Hoffman Flats there is  
the Loveland voting precinct. Nearly  
all the citizens in this precinct are  
democrats. Hard working, thrifty  
well balanced men, who attend stric-  
tly to business, pay their debts, and  
wait on each other through misfor-  
tune. No doubt there are any num-  
ber of communities in the county who  
have just such a citizenship but the  
Loveland community has won such a  
reputation over the entire county  
The editor has noticed during the  
years he has been located just under  
the Masonic hall many Saturday af-  
ternoons, those sturdy citizens from  
the East coming by on their way to

attend to their lodge duties.  
Naturally a fellow would be proud  
of such men for friends, politics or  
no politics whether he be a candidate  
or not

Some time ago this big democratic  
club held a meeting and to the sur-  
prise of the politicians even the ed-  
itor, unanimously endorsed his candi-  
dacy for the state senate. Wednesday  
evening Weaver addressed a meet-  
ing of this club and when he had con-  
cluded his remarks a motion was  
made that Mr Weaver's speech be  
endorsed as a kind of reiteration of  
their endorsement of his candidacy  
some time ago. Every man voted  
aye, standing to his feet

Of course the editor's heart beats  
warmly toward those Hoffman Flat  
democrats. They are farmers, hon-  
est, industrious citizens and men who  
do their own thinking. Some of those  
tenant farmers out there may have  
more money than the editor, but he is  
dead stuck on them just the same.

## UNHOLY ALLIANCE OF CRUCE AND THE SANTO FE

It now develops that the Santa Fe Road that tried to organize the convention and run it in favor of their interests are actively engaged in trying to elect Lee Cruce governor. The following letter sworn to by a publican hardware merchant and member of Wauwette Okla. mty. is of interest to the voters who do not want to turn over their state to the money changers and the rail roads who are getting approximately one million dollars per month excessive freight rates in our new state. The letter follows

Wauwette Okla. May 28th 1907  
Mr Ed O Cassidy  
Shawnee O T

Dear Sir

In response to whether the Santa Fe Railway Co. hold its passengers train to wait the Hon Lee Cruce to make a speech to the people at the Wauwette picnic on May 11th 1907 we beg leave to say that we were in attendance at the Wauwette picnic on that day and heard Mr. Cruce deliver his speech. He spoke something in a two hour closing his speech at about twenty minutes past five o'clock in the afternoon and after his speech he took a few minutes in receiving introduction to the people and then I put it to the north of the Santa Fe train which was waiting for him at the depot from which he left in the morning grounds. Mr. Cruce loaded the train new sanded strap and it then pulled out. Mr. Cruce was the last man who spoke that day. We cannot say on our own personal knowledge how long the train had been waiting for Mr. Cruce but heard the whistle of what we took to be the Santa Fe May the 11th 1907. Santa Fe passenger coming at about four o'clock p.m. or a few minutes later and we had from the schedule time of the depot that it arrived there at eight minutes past four o'clock p.m. on get train was due to arrive here on its regular time it only two minutes after three p.m.

## THE 25,000 CLUB MINUTES

Meeting Held at Club Room Monday Night, May 27.

The 25,000 Club met in regular session Monday night May 27 with officers in their places and a good attendance

The following business was disposed of

A communication from Albert E. Markus of Paris, Texas was read by the corresponding secretary in which H. Markus inquired if our city would be interested in a convention of music to back it financially. Another letter from H. B. Abernethy, also of Paris, Tex. was read asking if Ada could raise \$12,000 for building a commercial college he proposed to establish here.

Corresponding secretary was instructed to decline both propositions for the present.

Steven Brown representing the Federation of Commercial Clubs of the Twin Territories was present and made a talk. Mr. Brown proposed to let Ada have a place in the Oklahoma exhibit at the Jamestown Exposition in the way of scenes from the town and community for the strophian lectures to be carried on every day at the Exposition provided Ada would bear expenses which would amount to \$250 per scene. A motion was made and carried that this proposition be accepted by the club and that the club bear the expenses. President Lucas was requested to accompany Mr. Brown and assist in collection of said scenes.

The attention of the club was called to the fact that Mr. T. J. Grondan of Boston Mass was in town and had informed some members of the club that his father was a prominent cotton mill man in the north, and that he would like to come south and locate mills, provided he could get sufficient encouragement. It was the

You will note that from 4:05 p.m. till 6 p.m. is one hour and fifty-two minutes that they waited on Cruce. Will democracy turn this state over to the money changers from Ardmore and the Santa Fe railroad Co. or will they allow Haskell to put in force the full spirit of the constitution that he helped make which puts a hold on this generous Santa Fe?

This is certainly amazing politics yet it will be answered with the cry of slander slander slander.

Another peculiar piece of politics is the refusal of the Cruce management to allow Haskell to address the democracy on next Saturday upon the occasion that they advertise a democratic rally. Mr. Haskell wanted to come and I have made diligent effort for two days to reach in agreement whereby he could also address the voters of this county that day under a promise that to persons thus would be indulged in and they have absolutely refused and say that this is a demand that they don't want to but in notwithstanding that all democrats are invited. What do you think of a campaign where they do not want to hear both sides? It has to either meaning but if they are found out as to what the matter is thoroughly understood they know the good boy banker would look for a plan under the influence of the Jefferson of our constitution.

The people of this county want to hear fully this case and your refusal to extend full opportunity for such hearing will be accepted by many of us to mean that you confess you are not willing to place your claims by the side of Haskell's for comparison. Santa Fe generosity and your industrious efforts to prevent a joint and full hearing are nigh look-out signals and we are going to look out.

wisdom of the club that we should try to interest him in Ada and Tom Hope was requested to give the Junior Mr. Giendan some figures concerning our town which he should communicate to his father.

A letter received from A. Hudson of Chanute Kansas in which he manifested some interest in the gas and brick situation here. Frank Jones and Tom Hope were requested to communicate with him.

The question of interesting the Methodist annual conference of Oklahoma was presented to the club. After some discussion it was decided that we should pledge \$2,000 toward securing this meeting.

Saturday night being an inconvenient time for meeting it was agreed that we change the regular time of meeting to the fourth Monday night in each month.

President Lucas at the request of the club appointed J. W. Jordan, S. M. Torbett and W. H. Doby as an auditing committee.

Bills were presented by the Ada Electric & Gas Co. for \$77.00 and the P. G. Ingram Paint Co. for \$145.46, which were ordered passed upon by the auditing committee.

### THE MARROW OF THE SCHOOL LAND QUESTION.

Weaver's principle on the great school land question enforced would mean that the actual farmers could own a home without moving, that they could borrow the money from the great school fund of the state on forty (40) years time at the interest rate of 4 per cent. Weaver is in sympathy with the new constitution which demands that the money secured from the sale of these lands shall first be loaned to the actual farmer.

Roddie, one of Weaver's opponents, stands for the immediate sale of the school lands on 40 years time at the interest of 4 per cent. From that plan not one cent would come into the state treasury to loan the actual farmer until after 40 years. Because a republican congress said the school land lessees should have the first right of purchase of all the school lands and that their \$5,000,000 of improvements could not be taken from them, therefore, Roddie's plan simply and absolutely means a loan of the children's money of this state to the crafty school land lessees, for 40 years at 4 per cent interest--the same fellows who in league with the republican party, have already gotten rich from your children's heritage. Absolutely the only hope of the farmers of the Territory side of the state to get cheap money at 4 per cent with 40 years to pay is to have these rich school land lessees to pay practically the spot cash for the lands. Then with twenty to thirty millions in the state treasury without discrimination, the actual settler could borrow the money on 40 years time at 4 per cent interest.

Farmers, look well--the Oklahoma school land lessees are politicians they want a state senate which will vote to have these school lands sold on 40 years' time for they know they will get them not you. Roddie is the Oklahoma school lessees friend. His position proves it. The constitution says the funds derived from the sale must first be loaned to the farmer. There will be no fund if Roddie has his way.

Weaver stands for the sale of two million (2,000,000) acres of Oklahoma School lands in tracts not more than 160 acres, for practically the spot cash. He wants these lands sold when restrictions are removed for three big reasons being first, the children's land will bring a better price second the money will be in the treasury to loan to Indian Territory farmers on 10 years at 4 per cent interest that he may acquire a farm and third the state's taxable wealth will be vastly increased.

Weaver's plan is practical and feasible. He will fight for it, for it means protection to the children. It affords the last chance to the poor Territory tenant farmer to own a home and easily pay it out.

The remainder of the school lands sections 16, 36 and 18, in Oklahoma. Weaver advocates retaining as a dowry for the school children of the state.

## WEAVER'S FRIENDS

A Talk About the Kind of Democrats Out in the Hoffman Flats.

Out in the Hoffman Flats there is the Lovelady voting precinct. Nearly all the citizens in this precinct are democrats. Hard working, thrifty, well balanced men, who attend strictly to business, pay their debts, and wait on each other through misfortune. No doubt there are any number of communities in the county who have just such a citizenship but the Lovelady community has won such a reputation over the entire county. The editor has noticed during the years he has been located just under the Masque ball many Saturday afternoons, those sturdy citizens from the East coming by on their way to

attend to their lodge duties. Naturally a fellow would be proud of such men for friends, politics or no politics whether he be a candidate or not.

Some time ago this big democratic club held a meeting and to the surprise of the politicians even the editor, unanimously endorsed his candidacy for the state senate. Wednesday evening Weaver addressed a meeting of this club and when he had concluded his remarks a motion was made that Mr. Weaver's speech be endorsed as a kind of reiteration of their endorsement of his candidacy some time ago. Every man voted aye, standing to his feet.

Of course the editor's heart beats warmly toward those Hoffman Flat democrats. They are farmers, honest, industrious citizens and men who do their own thinking. Some of those tenant farmers out there may have more money than the editor, but he is dead stuck on them just the same.

## CENTER NEWS NOTES.

Crops are growing some since the sun-shiny weather. We had a fine run on last Friday night which continued throughout Friday. It was needed badly. Garden truck is late this season.

On Thursday night the W. O. W. and Womans circle met in joint meeting. They were to have refreshments served but several brave men as well as timid women left their chairs at home and when the crowd came up they made a good run for their homes. Many beat the clouds in their swiftness.

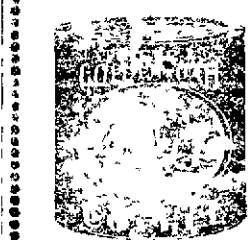

We learn that Mrs. Medlock is a little better at this time.

Mrs. Evans is still sick. She is a widow lady. It would be well for our men and boys to see that she has wood and Christmas holidays to see if she needs anything else.

Rev. Caldwell of Ada filled the Methodist pulpit Sunday.

On Monday night the people were entertained until a late hour by Messrs. Bolton T. D. McKeown and J. D. Grigsby. Mr. Bolton held the attention of the audience for about an hour and a half and spoke on "Haskell and the constitution". Mr. Grigsby spoke on his own behalf for the office of district judge.

Pat. L. Church is the home of W. L. Alda who is thinking of going out to Washington to reside.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.
